The United States said on Wednesday it had signed a civilian nuclear cooperation agreement with Saudi Arabia, alongside a separate bilateral safeguards pact.

US Energy Secretary Chris Wright signed the agreements with Saudi Energy Minister Prince Abdulaziz bin Salman.

The US Energy Department said the deals would establish the legal basis for a decades-long, multibillion-dollar partnership covering economic and strategic priorities, including nuclear non-proliferation.

Normally, a five-year waiting period follows a candidate's death before the formal process canonization can begin.

In Mother Teresa's case, Pope St. John Paul II granted a rare dispensation in 1999, allowing the cause to open just two years after her passing — a decision driven by the overwhelming global outcry and the evident holiness recognized by millions across faiths and nations.

Her path included two rigorously investigated miracles:

➤ First miracle (approved 2002): Indian woman Monica Besra was healed of a massive abdominal tumor on the first anniversary of Mother Teresa's death after a medal touched to her body was placed on her and prayers were offered. Multiple doctors, including non-Catholics, confirmed no medical explanation.

➤ Second miracle (approved 2015): Brazilian mechanical engineer Marcilio Andrino, suffering from multiple brain abscesses and hydrocephalus in a coma, was completely healed after his wife and others prayed for Mother Teresa's intercession. He awoke suddenly, fully recovered, and later fathered

➤ Second miracle (approved 2015): Brazilian mechanical engineer Marcilio Andrino, suffering from multiple brain abscesses and hydrocephalus in a coma, was completely healed after his wife and others prayed for Mother Teresa's intercession. He awoke suddenly, fully recovered, and later fathered children despite prior sterility concerns.

Just 19 years later after her death— on September 4, 2016 — Pope Francis canonized her as Saint Teresa of Calcutta in St. Peter's Square before tens of thousands of pilgrims, including hundreds of the poor she served so faithfully.

Pope Francis declared: she was a "generous conduit of divine mercy" and an "icon of the Good Samaritan."

A lifelong servant of the poorest of the poor, Mother Teresa founded the Missionaries of Charity, which continues her work in over 130 countries today. Her life remains a powerful witness that holiness is possible in our time — reaching out to the forgotten, the sick, and the dying with the love of Christ.

Yung nanaksak gamit ang ice pick dun sa Move It rider, DDS - may picture pa nga na kumalat na may suot sya na DDS Sara Duterte supporter sya.Eh si Bantag? Si BATO? Diba mga DDS din sila? Ano ba yan? Yung mga kababayan na sumusuporta kay Duterte mga utak mamamatay tao???? Ang hilig nyong ipagmalaki Diba - 'DAPAT PATAYIN LAHAT NG KUMAKALABAN SA MGA DUTERTE!!!" KULTOra nyo na ba yan - katulad sa sinabi ni Robinhood na sya na ang susunod na huhuliin ng ICC dahil papatayin nya lahat ang mga drug lords... Eh hindi nga nila inubos ang Drug Lords... inubos nila ang mga adik na biktima ng mga drug lords na kaibigan ng mga Duterte na nagdala ng droga sa Pilipinas. Marami sa pinatay ay mga inosente - almost 200 ay mga bata, mga collateral damage na nadamy lang sa fake drug war tas sasabihin lang ni Bato ay "shit happens!"? Tapos si Piyaya may gana pang mag sabi ng "I will fight for you! I will stand up for you! Pero wala naman naitulong sa pag protekta sa karapatan pangtao. Ito ba yung bansa na gusto natin para sa ating kabataan? Edi wow! DEPOTANG DDSHIT UTAK KRIMINAL MGA BONAKKKKK!!!

PRAYER FOR PROTECTION AGAINST TROPICAL DEPRESSION KIYAPO

As our country faces the threat of Tropical Depression Kiyapo, let us turn to God with trusting hearts. In moments of fear and uncertainty, we remember that the Lord is our refuge and strength, our shelter in every storm. Let us pray not only for our own safety, but also for the protection of every family, the courage of our rescuers, and the comfort of all who may be affected.

Loving and Almighty Father,

We come before You with humble hearts, placing our trust in Your loving care. You are the Lord of the wind and the sea, our refuge in times of danger and our strength in every storm.

As Tropical Depression Kiyapo threatens our land, we humbly ask You to lessen its strength and protect our nation from harm. Keep our families safe, guard our homes and communities, and watch over those who are most vulnerable.

Bless the men and women who serve in rescue and relief operations. Grant them courage, wisdom, and protection as they care for those in need. Guide our leaders in making decisions

Jul 23, 2026 09:46:58

Bless the men and women who serve in rescue and relief operations. Grant them courage, wisdom, and protection as they care for those in need. Guide our leaders in making decisions that safeguard the lives and well-being of all.

Teach us to remain calm, vigilant, and compassionate. Help us to care for one another, to share generously with those in need, and to face every challenge with faith, hope, and love.

May this time of trial deepen our trust in Your providence and remind us that You never abandon Your people. Whatever may come, may we always find peace in Your loving presence.

Through Christ our Lord. Amen.

Our Lady of Perpetual Help, pray for us.
St. Lorenzo Ruiz and St. Pedro Calungsod, intercede for us.
Jesus, Lord of peace and mercy, we trust in You.
Amen. 🇵🇭

As they navigate through "interesting times," President Marcos and US Secretary of State Marco Rubio yesterday reaffirmed the "deep ties" between the two allies as they tackled key issues, including China and artificial intelligence.
Rubio paid a courtesy call on Marcos at Malacañang as fresh tensions rose in the South China Sea following the Chinese coast guard's attack that injured a Philippine Navy personnel at Ayungin Shoal on Monday.

Members of the uniformed services, some of them part of the security group of Vice President Sara Duterte, are among nearly 20 "persons of interest" in the "plan" to kill President Marcos, National Bureau of Investigation (NBI) Director Melvin Matibag told the Senate impeachment court yesterday.
"We have identified less than 20 individuals, and we have all their names," Matibag told Sen. Joel Villanueva who asked about the alleged assassination "plan."
The investigation stemmed from Duterte's "threats" that went viral, aired during press conferences.
The NBI chief said it could take three to six months to finish the probe, emphasizing that plots to kill a sitting president require funds, a wide network and more than one participant.
Matibag – a former stalwart of former president Rodrigo Duterte's PDP-Laban party – invoked confidentiality when

New York City Mayor Zohran Mamdani revealed he is exploring legal options to arrest Israeli Prime Minister Benjamin Netanyahu if he attends the United Nations (UN) General Assembly in September.

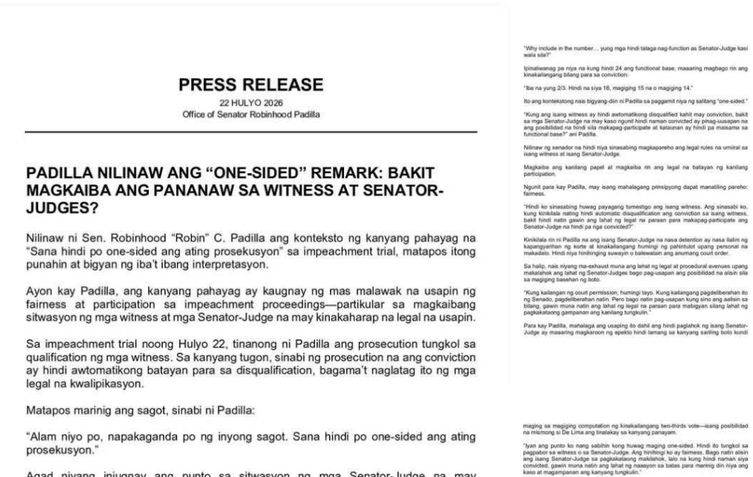
BASAHIN: Nilinaw ni Senator-judge Robin Padilla ang kaniyang sinabi na sana aniya ay hindi "one-sided" ang Prosekusyon s... See more



PRESS RELEASE
22 HULYO 2026
Office of Senator Robinhood Padilla

PADILLA NILINAW ANG "ONE-SIDED" REMARK: BAKIT MAGKAIBA ANG PANANAW SA WITNESS AT SENATOR-JUDGES?

Nilinaw ni Sen. Robinhood "Robin" C. Padilla ang konteksto ng kanyang pahayag na "Sana hindi po one-sided ang ating prosekusyon" sa impeachment trial, matapos itong punahin at bigyan ng iba't ibang interpretasyon.

Ayon kay Padilla, ang kanyang pahayag ay kaugnay ng mas malawak na usapin ng fairness at participation sa impeachment proceedings—partikular sa magkaibang sitwasyon ng mga witness at mga Senator-Judge na may kinakaharap na legal na usapin.

Sa impeachment trial noong Hulyo 22, tinanong ni Padilla ang prosecution tungkol sa qualification ng mga witness. Sa kanyang tugon, sinabi ng prosecution na ang conviction ay hindi awtomatikong batayan para sa disqualification, bagama't naglatag ito ng mga legal na kwalipikasyon.

Matapos marinig ang sagot, sinabi ni Padilla:

"Alam niyo po, napakaganda po ng inyong sagot. Sana hindi po one-sided ang ating prosekusyon."

Agad niyang iniugnay ang punto sa sitwasyon ng mga Senator-Judge na may kinakaharap na kaso ngunit wala pang conviction, at ang usapin sa kanilang participation sa impeachment court.

Para kay Padilla, may dahilan kung bakit niya itinaas ang concern.

Sa isang hiwalay na panayam, sinabi mismo ni House Prosecutor Leila de Lima na kapag dumating ang botohan, dapat isaalang-alang kung ilan sa 24 Senator-Judges ang aktuwal na nakapag-participate.

Partikular niyang binanggit ang mga Senator-Judge na nasa detention at "hindi pinayagan ng korte" na makadalo.

Ayon kay De Lima, maaaring gamitin ang prinsipyo ng Avelino v. Cuenco upang tukuyin ang tinatawag niyang "functional base" sa pagkukuwenta ng two-thirds vote.

Ani De Lima:

"Why include in the number... yung mga hindi-talaga-nag-function as Senator-Judge kasi wala sila?"

Ipinaliwanag pa niya na kung hindi 24 ang functional base, maaaring maghago rin ang kinakailangang bilang para sa conviction:

"Ika na yung 2/3. Hindi na siya 16, magiging 15 na o magiging 14."

Ito ang kontekstong nais bigyang-diin ni Padilla sa paggamit niya ng salitang "one-sided."

"Kung ang isang witness ay hindi awtomatikong disqualified kahit may conviction, bakit sa mga Senator-Judge na may kaso ngunit hindi naman convicted ay pinag-usapan na ang posibilidad na hindi sila makapag-participate at kalaunan ay hindi pa maisama sa functional base?" ani Padilla.

Nilinaw ng senador na hindi niya sinasabing magkaparehо ang legal rules na umiiral sa isang witness at isang Senator-Judge.

Magkaiba ang kanilang papel at magkaiba rin ang legal na batayan ng kanilang participation.

Ngunit para kay Padilla, may isang mahalagang prinsipyong dapat manaliling pareho: fairness.

"Hindi ko sinasabing huwag palayagang tumestigo ang isang witness. Ang sinasabi ko, kung kinikilala natiing hindi automatic disqualification ang conviction sa isang witness, bakit hindi natin gawin ang lahat ng legal na paraan para makapag-participate ang Senator-Judge na hindi pa nga convicted?

Kinikilala rin ni Padilla na ang isang Senator-Judge na nasa detention ay nasa ilalim ng kapangyarihan ng korte at kinakailangang humingi ng pahintulot upang personal na makadalo. Hindi niya hinihinging suwayin o balewalain ang anumang court order.

Sa halip, nais niyang ma-exhaust muna ang lahat ng legal at procedural avenues upang makalahok ang lahat ng Senator-Judges bago pag-usapan ang posibilidad na alisin sila sa magiging basehan ng bobo.

"Kung kailangan ng court permission, humingi tayo. Kung kailangang pagdeliberahan ito ng Senado, pagdeliberahan natin. Pero bago natin pag-usapan kung sino ang aalisin sa bilang, gawin muna natin ang lahat ng legal na paraan para maisagawa silang lahat ng pagkakataong gampanan ang kanilang tungkulin."

Para kay Padilla, mahalaga ang usaping ito dahil ang hindi pagiahok ng isang Senator-Judge ay maaaring magkaroon ng epekto hindi lamang sa kanyang sariling boto kundi

maging sa magiging computation ng kinakailangang two-thirds vote—isang posibilidad na mismong si De Lima ang tinalakay sa kanyang panayam.

"Iyan ang punto ko nang sabihin kong huwag maging one-sided. Hindi ito tungkol sa paggabor sa witness o sa Senator-Judge. Ang hinihingi ko ay fairness. Bago natin alisin ang isang Senator-Judge sa pagkakatawng mokilahok, lalo na kung hindi naman siya convicted, gawin muna natin ang lahat ng naaayon sa batas para marinig din niya ang kaso at magampanan ang kanyang tungkulin."

🤔 BUT THERE'S MORE TO THAT

The thing is, although their brand name origins could be misleading, the product quality may not be. Hindi naman din pagkakatiwalaan ng mga Pinoy 'tong mga brand na 'to kung hindi maayos, di ba? Evidenced by how long they've been in the Filipino market.

While most of these companies are Filipino-owned, hindi naman laging "made in China." Like most global appliance companies, they typically use OEM/ODM manufacturing across Asia, with China being the dominant manufacturing base for many product lines.

And that also goes true kahit sa mga Japanese-owned companies.

May iba nga sa kanila, dito ang assembly ng mga products, locally.

✔️ Mahalaga na malaman natin 'tong mga distinctions na 'to, since ang because brand ownership, product design/specification, quality control, atmanufacturing location ay magkakaibang parts ng supply chain.

📌 At the end of the day, we must separate the connotations from denotations: na hindi porket may brand name na tunog banyaga, eh kalidad-banyaga na agad.

Read reviews extensively, do your research before handing over your hard-earned money, since these brands represent products that are, typically, long-term commitments.

💬 Anong "Japanese-named" brand ang pinakapinagkakatiwalaan mo?

Japanese name ≠ Japan-made

Credits to OreKenny for this content idea, pero dagdagan natin.

And so is the label "Japan quality", pero madali itong i-claim since wala namang concrete metrics to prove it, and at least, merong "Japan", tapos may Japanese brand name, so I guess di na titingnan ng mga Pinoy 'yan?

🔍 WHY JAPANESE NAMES?

Sa kapanahunan ng mga ermats at erpats n'yo (oh alam n'yo na edad ko ha), during the 70's to 90's, Japanese electronics ang widely regarded as the global benchmark for, durability, engineering, quality control, and reliability (understatement nga 'to dapat eh).

So ang isa sa mga naging marketing strategy ng maraming brands ay, you guess what, mag-adopt ng Japanese-sounding name, intended to evoke those qualities.

It did not necessarily imply that the products were manufactured in Japan or that the company itself was Japanese, pero

name, intended to evoke those qualities.

It did not necessarily imply that the products were manufactured in Japan or that the company itself was Japanese, pero dati, na sobrang scarce ng information sources, malaki na agad ang impact nito sa perception ng mga mamimili, na kesyo tunog "Japanese".

‼️ In reality, most products are generally manufactured through Original Equipment Manufacturers (OEMs) or Original Design Manufacturers (ODMs), with much of the production taking place in China, while the brand ownership, marketing, distribution, and after-sales service remain Philippine-based.

🇵🇭 - Hanabishi (1986), Fujidenzo (1988), Asahi (1982), Kyowa (1980s), Standard (1971)

Akari is CN, whith Philippine distribution. Pensonic is MY.

Ang mga genuinely-Japanese companies, na kilala ng mga Pinoy, ay Panasonic, Sharp, Toshiba, Hitachi, Mitsubishi Electric, Sony, and JVC.

Parts of the Angat Reservoir in Bulacan have dried up as its water level fell to a critical low, raising concerns over the country's main water source, officials said on Wednesday.

The Philippine Atmospheric, Geophysical and Astronomical Services Administration (PAGASA) said the reservoir's water level has dropped to just over 152 meters above sea level, below its minimum operating level of 156 meters and far from its normal operating level of 180 meters.

"Alam niyo po ba 31 ang namatay noong panahong 'yon?"

Senator-judge Bong Go asks NBI Director Melvin Matibag whether he is aware of the context behind the 2011 incident in which then Davao City Mayor Sara Duterte punched a sheriff.

According to Go, Duterte had just come from attending to flood victims and only asked the sheriff to postpone the demolition because families had nowhere to relocate. He also recalls then Mayor Rodrigo Duterte had a policy against evicting informal settlers without relocation.

Go says, "We are not justifying violence, but we are highlighting that context is important to have a fair assessment of the incident." He adds that understanding the context is necessary "to be fair, objective and just" in assessing the events under scrutiny. | via April Benjamin, INQUIRER.net

'ANG HUSTISYA PO AY NEUTRAL!'

Senator Robin Padilla took to social media explain his "one-sided" remark during the impeachment trial of Vice President Sara Duterte.

"Kaibigang Ginang Luistro, ang hustisya po neutral! Ang tungkulin ng prosecution (pisk hindi para manalo, kundi para sa katotohan proteksyon ng inosente. Ang tungkulin naman ng defense (tagapagtanggol) ay ang pagtiyak sa karapatang pantao at balanse sa kapangyarihan," he wrote at 4:41 AM on Thursday.

This statement comes after he told House lead prosecutor Rep. Gerville Luistro that he expects the "prosecution is not one-sided" during the ninth day of the trial on Wednesday. (Facebook/Robin Padilla)

Kaibigang Ginang Luistro,
Ang hustisya po ay neutral!
Ang tungkulin ng prosecution (piskal) ay hindi para manalo, kundi para sa katotohanan at proteksyon ng inosente. Ang tungkulin naman ng defense (tagapagtanggol) ay ang pagtiyak sa karapatang pantao at balanse sa kapangyarihan.
Sa isang modelong sistemang legal, kapwa ang pag-uusig (prosecution) at ang pagtatanggol (defense) ay mga itinatag na haligi upang magsilbi sa iisang layunin: ang hustisya. Ang hustisya ay dapat maging ganap na neutral, bulag sa mga alyansang politikal, at bingi sa mga bulong ng kapangyarihan, dahil sa sandaling pumili ito ng panig, nawawalan ito ng katuturan bilang hustisya at nagiging purong pang-aapi lamang. **See less**

Erwin got so angry, he blamed Alan's beard. Said the beard was grown out of sadness after losing the Senate presidency.

I disagree. The beard is a survivor. Alan must keep the beard. People don't appreciate the beard enough. It has one job: protect this trial from another "essential" detour.

Because you shave the beard, he becomes Ed Caluag. People will be looking around saying, "Alan where's the chin?"

Hey, Alan. Did God forget to press Enter between the neck and the chin?

And why is Pia always panting? She requires you to ask her, "How are you?" She goes, "Haaah... good."

The impeachment has two defendants: Sara Duterte and Alan Cayetano's apparent inability to let the Senate presidency go.

"I'm a lawyer."

"I'm a lawyer."

P25 million to run the Senate a day. That's an incredibly expensive way to remind us who passed the bar.

Jul 23, 2026 10:28:34

“I’m a lawyer.”

P25 million to run the Senate a day. That’s an incredibly expensive way to remind us who passed the bar.

Win is Senate President. Nice man. Very smart. Nice haircut. But let’s be honest. Not a lawyer. Alan is a lawyer. Do you inderstand the trauma? One morning, Alan wakes up, and the Senate says, “Congrats. The lawyer is no longer Senate President. The engineer is.”

Imagine going to the hospital. “Who’s the surgeon?”

“Not the doctor.”

The Senate has 24 senators. One lawyer who keeps reminding you he’s a lawyer, somehow the non-lawyer gets the gavel. Say it enough, you do not have to attack Win to show he’s unqualified.

The trial is showing us how loudly a man can bang the gavel that is no longer in his hand. Every road somehow led back to the Cayetanos in this impeachment. Who should preside? How should the trial run? What did the prosecution mean? Alan had many, many thoughts. Wrong procedure, wrong witness, wrong document, wrong signature, wrong date, where’s the notary public?

Jul 23, 2026 10:28:41

facebook

procedure, wrong witness, wrong document, wrong signature, wrong date, where’s the notary public?

Chiz? Nice earring, Mr. Presiding Officer. Paraiba perhaps? Certain sparkle to it.

Alan didn’t even need to become Senate President. Why bother? Chiz is already doing the job for him. Alan talks, talks, talks. Chiz: “Proceed.” Like every hour spent explaining chicken longanisa is not kikiam is one less hour asking about flood control.

Two Cayetanos objected to the election of Chiz as presiding officer. Said the Constitution already gave that job to Senate President Win Gatchalian. They wanted Win. Maybe they were right on the law. But politically, what a picture.

Chiz looks like the Senate President. Alan sounds like the Senate President. Win is the Senate President. Live. On television.

Poor Win. Somebody get him a line. One line. Doesn’t have to be legal. “Good morning” is fine. We’ll take it. Something to occasionally remind everybody that he won.

Alan never said Congress should be lawyers-only. Never said it. Doesn’t exist. Go find the quote. You can’t. He never said that, because Win didn’t go to Ateneo Law, he should be deported to China.

Alan never said Congress should be lawyers-only. Never said it. Doesn’t exist. Go find the quote. You can’t. He never said that, because Win didn’t go to Ateneo Law, he should be deported to China.

But that is the danger of Alan’s lawyer talk. It sounded like only lawyers are qualified to govern people whose lives they have never lived. But the Senate is not supposed to be the integrated bar and supposed to be the country.

You need a farmer when you’re writing laws about farms. Pretty obvious. You need a worker when you’re talking about work. You need teachers, journalists, nurses, business owners. Sure, have lawyers. Fine. Great. Everybody loves a good lawyer. Sometimes. But not lawyers speaking for everyone else. Let the people speak for themselves. That’s the whole point.

Sometimes it won’t sound polished. Sometimes the grammar won’t make the deans happy. Sometimes Sen. Robin Padilla gets up, asks a question, and all the fancy lawyers chuckle. They laugh. They think it’s hilarious.

Meanwhile, he’s asking the question millions of people were screaming at their screens. Very impressive. They know the label. He knows the feeling.

They di[illegible]anny. They do it with Sara

Jul 23, 2026 10:28:57

They did it with Lito, too. Manny. They do it with Sara.

'NAGDADASAL NA LANG AKO...'

'Yan ang reaksyon ni Private Prosecutor Lorna Kapunan sa naging manifestation ni Senator-judge Robin Padilla na "Sana hindi one-sided ang ating prosekusyon."

"Alam namin nakikita kami sa camera, trying to behave kami kasi you react as a lawyer," ani Kapunan sa press conference pagkatapos ng Day 9 ng impeachment ni VP Sara Duterte, "Kaniya, nakaganyan na lang ako, nagdadasal na lang ako para hindi maka-react."

Ipinaliwanag pa ni Kapunan na hindi "out of disrespect" ang kanilang naging reaksyon sa front row. "It is because... years of training, we instinctively react to what we think is wrong, or to what we think is unfair."

Nauna siyang humingi ng dispensa kay Senator-judge Padilla sa parehong press conference. "May I use this opportunity to apologize to Senator-judge Robin. There was no intent to disrespect him," ayon kay Kapunan. #VPonTrial

Some filmmakers tell stories with images. Ludwig Göransson tells them with sound.

From the haunting power of Oppenheimer, to the soul of Sinners, and now the epic scale of The Odyssey, Göransson keeps redefining what blockbuster music can sound like.

Three unforgettable films. One extraordinary composer.

We're witnessing the golden run of a modern film composer.

His music doesn't sit in the background
it drives the story, amplifies every emotion, and transforms unforgettable scenes into timeless moments.
The soundtrack of modern cinema has a name: Ludwig Göransson.

With The Odyssey already generating massive acclaim, another Academy Award may be waiting for him.

Do you think he'll take home another Academy Award for The Odyssey, or will another score win this year? 🏆

He just can't stop hitting himself over the head.

Sen. Robin Padilla clarified his "one-sided" remark during Vice President Sara Duterte's impeachment trial, that the prosecution's role is not to secure a conviction but to "pursue the truth and protect the innocent," while the defense safeguards human rights and the balance of power. His clarification came a day after he told House lead prosecutor Rep. Gerville Luistro that he expects the prosecution "is not one-sided."

Ang tungkulin ng prosecution (piskal) ay hindi para manalo, kundi para sa katotohanan at proteksyon ng inosente. Ang tungkulin naman ng defense (tagapagtanggol) ay ang pagtiyak sa karapatang pantao at balanse sa kapangyarihan.

Will Avengers: Doomsday's Philippine release be affected by the Metro Manila Film Festival this December?

In case you missed it, Avengers: Doomsday was confirmed to be released in the US on December 18, 2026.

Given that Marvel films are typically released two days ahead (as new movies are released in the PH every Wednesday), there's a good chance that we'll see Doomsday get released in the Philippines on December 16.

Some fans are worried that the movie's PH release will be delayed to January due to the MMFF 2026. After all, this is what happened with Spider-Man: No Way Home, which was delayed to January 2022.

Because of how big Doomsday is shaping up to be, it's likely that it will be released on December 16, even if only for one week, as the MMFF will have exclusivity for two weeks in regular cinemas starting December 25. After all, this is the case for the previous two Avatar movies (which were released by 20th Century Studios under Disney).

Hopefully, Doomsday does get released on

under Disney).

Hopefully, Doomsday does get released on December 16, as it will at least give fans one week to watch it in cinemas.

As for those wanting to watch it in IMAX during the MMFF period, Dune: Part Three will have IMAX exclusivity for three weeks, meaning Doomsday won't get released in that format.

HISTORY DISTORTED ⚠️

Claims that China owns Palawan are once again circulating on Chinese social media.

Between July 12 and 17, 2026, several posts published on Weibo and republished through Sina asserted that Palawan belongs to China. Some called for the Philippine province to be "recovered," while others questioned Philippine sovereignty over parts of the island.

These posts came from individual social media accounts. Available evidence does not show that the Chinese government has formally adopted the claim as an official position.

Philippine authorities previously rejected the same online narrative as baseless, revisionist, and historically unsupported. The National Security Council emphasized that the claims originated on Chinese social media—not on official Chinese government websites or in mainstream Chinese media.

Historical and archaeological evidence shows that Palawan had been inhabited for thousands of years before the modern states of China and the Philippines existed. Its Indigenous communities, documented administration, and

Historical and archaeological evidence shows that Palawan had been inhabited for thousands of years before the modern states of China and the Philippines existed. Its Indigenous communities, documented administration, and inclusion within internationally recognized Philippine territory contradict claims that it historically belonged to China.

The National Historical Commission of the Philippines also reiterated in July 2026 that territorial assertions resembling the earlier Palawan narrative lack a rational basis in substantive historical research.

Social media posts—regardless of how frequently they are repeated—cannot rewrite history, establish sovereignty, or alter internationally recognized borders.

Palawan remains an integral province of the Republic of the Philippines. 🇵🇭

BABALA, SENSITIBO ANG PAKSA

Nasawi ang isang 8-anyos na babaeng Grade 3 student matapos ang umano'y pananakit ng kanyang mga kaklase sa loob ng isang paaralan sa Davao City.

Ayon sa pamilya ng biktima, pinagsusuntok umano ang biktima ng tatlo nitong lalaking kaklase noong Biyernes.

Agad na isinugod ang bata sa Southern Philippines Medical Center (SPMC) matapos dumaing ng pananakit ng ulo.

Nadiskubre sa CT scan na mayroon itong namuong dugo o blood clot sa kanyang ulo.

Kahit pa isinailalim sa agarang medikal na atensyon, hindi na naisalba ang buhay ng biktima.

Labis ang pagdadalamhati ng pamilya ng biktima at nananawagan ng agarang hustisya para sa sinapit ng bata.

Tiniyak naman ng Davao City Police Office (DCPO) na nagsasagawa na sila ng malalim na imbestigasyon upang matukoy ang buong pangyayari.

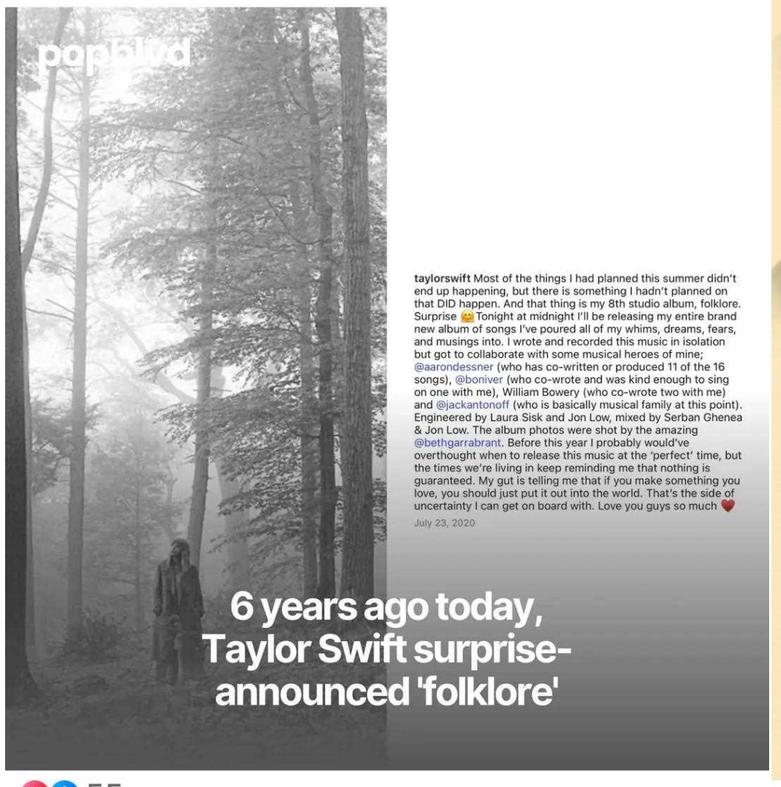
6 years ago today, Taylor Swift announced her 8th studio album 'folklore'.

#taylorswift #swifties #folklore



popblvd
taylorswift Most of the things I had planned this summer didn't end up happening, but there is something I hadn't planned on that DID happen. And that thing is my 8th studio album, folklore. Surprise 😬 Tonight at midnight I'll be releasing my entire brand new album of songs I've poured all of my whims, dreams, fears, and musings into. I wrote and recorded this music in isolation but got to collaborate with some musical heroes of mine; @aarondessner (who has co-written or produced 11 of the 16 songs), @boniver (who co-wrote and was kind enough to sing on one with me), William Bowery (who co-wrote two with me) and @jackantonoff (who is basically musical family at this point). Engineered by Laura Sisk and Jon Low, mixed by Serban Ghenea & Jon Low. The album photos were shot by the amazing @bethgarrabrant. Before this year I probably would've overthought when to release this music at the 'perfect' time, but the times we're living in keep reminding me that nothing is guaranteed. My gut is telling me that if you make something you love, you should just put it out into the world. That's the side of uncertainty I can get on board with. Love you guys so much ❤️

'THEY ARE JUST AS DESERVING OF LOVE' 🏠😻

The Philippine Animal Welfare Society (PAWS) concluded the first-ever CatCon 2026 and called the conference “the beginning of the movement.”

PAWS said the event gathered over 100 participants representing 64 community cat groups and served as a space for advocates to share their experiences in rescuing and caring for community cats.

A movement begins when people stop seeing community cats as animals who simply happen to be there and start recognizing them as lives that matter and members of the community worth protecting.

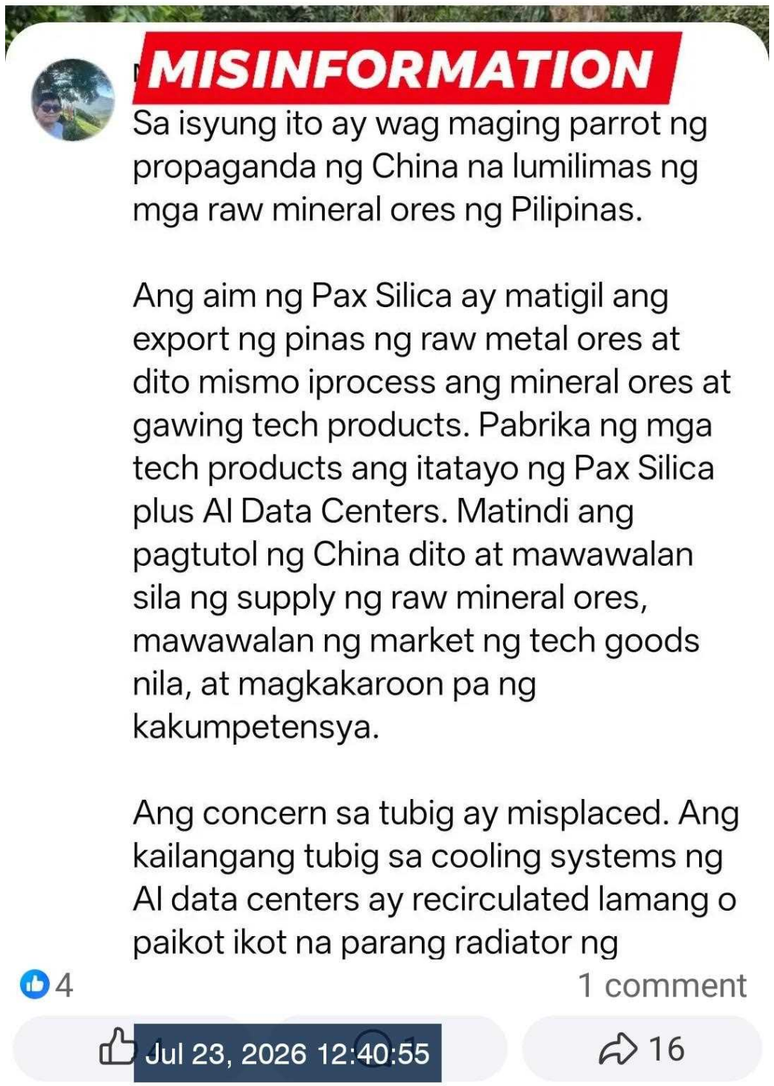
THE TRUTH ABOUT PAX SILICA AND WATER CONSUMPTION ... See more



MISINFORMATION
Sa isyung ito ay wag maging parrot ng propaganda ng China na lumilimas ng mga raw mineral ores ng Pilipinas.
Ang aim ng Pax Silica ay matigil ang export ng pinas ng raw metal ores at dito mismo iprocess ang mineral ores at gawing tech products. Pabrika ng mga tech products ang itatayo ng Pax Silica plus AI Data Centers. Matindi ang pagtutol ng China dito at mawawalan sila ng supply ng raw mineral ores, mawawalan ng market ng tech goods nila, at magkakaroon pa ng kakumpetensya.
Ang concern sa tubig ay misplaced. Ang kailangang tubig sa cooling systems ng AI data centers ay recirculated lamang o paikot ikot na parang radiator ng

THE TRUTH ABOUT PAX SILICA AND WATER CONSUMPTION

Wrong information po na ang Pax Silica ay magbibigay sa atin ng true industrialization at justice sa paggamit ng ating rsw mineral ore. Bagana't may katotohanan na dito iproseso ang mga rsw mineral ore na kailanhan, dapat malaman ng lahat na kahit ang mga first world countries ay umaaray na sa water requirements ng data centers worst pa kasi AI data center ito.

Research indicates data centers pose a massive water footprint, largely due to the surging cooling demands of Artificial Intelligence (AI). A typical facility uses around 100 million gallons annually, with some AI-heavy centers consuming up to 2 billion gallons. UN research projects that AI-related water consumption could equal 9.3 trillion liters by 2030.

KABUG-ATON SANG ARTICLE IV SANG IMPEACHMENT COMPLAINT BATOK KAY VP SARA, MAKABIG NGA '50/50' **SUNO SA ISA KA ABOGADO**

"*Inappropriate but not enough*."

Makabig nga '50/50' ang kabug-aton sang Article IV sang Impeachment Complaint batok kay Vice President Sara Duterte base sa paglantaw sang isa ka Ilonggo nga abogado.

Sa interview sang RMN Iloilo kay Atty. Jeremy Moreno, practicing lawyer kag professor sa University of San Agustin- College of Law (USA-COL), ginpahayag sini nga base sa iya personal analysis matapos ang pagpresentar sang Prosecution panel sang ila tatlo ka witnesses para sa Article IV, napamatud-an nga indi husto ang nangin pagpamahog ni VP Sara sa kabuhi ni President Ferdinand 'Bongbong' Marcos Jr. apang wala sila sang pat-ud nga ebidensya nga makapamatuod nga gintuman niya ini.

Suno kay Moreno nga sa iya paglantaw sa nangin presentasyon sang Prosecution, duha ka aspeto ang ila naplastar. Una diri ang pag-establisyar nga may existence sang grave treat kag inciting to sedition sang ginpanghambal ni VP Sara ang iya pamahog batok sa Presidente

establisyar nga may existence sang grave treat kag inciting to sedition sang ginpanghambal ni VP Sara ang iya pamahog batok sa Presidente kag iban pa nga mga matag-as nga opisyal. Kag ikaduha, amo nga napamatud-an nga may yara sang existing kag active threat sa kabuhi ni Marcos.

Apang sa pihak sini, ginsiling sang abogado nga indi ini bastante agud ma-convict si VP Sara ilabi pa nga wala man sang makapamatuod nga natuman niya ang iya mga ginpangbuy-an nga tinaga kag wala sang ginpresentar nga "assassin" ukon "killer" nga ginaalegar ginkontrata niya agud patyon ang Presidente.

Bangud sini, nagapati ang Ilonggo lawyer nga indi ini ang makabig nga pinakamabaskog nga Article of Impeachment sa kaso sang Bise Presidente.

Hindi puwedeng hanggang budget lang ang tagumpay. **Kailangang maging mga silid-aralan ito sa lalong madaling panahon para sa ating mga estudyante at guro**.

May nakalaan nang P67B para sa pagpapatayo ng target na 25,000 classrooms ngayong taon—isang mahalagang unang hakbang para matugunan ang 166,000 classroom backlog sa bansa. Pero ang paglalaan ng pondo ay simula pa lamang. Ang tunay na sukatan ng tagumpay ay kung gaano kabilis itong maisasakatuparan at mapapakinabangan ng ating mga estudyante.

Ang mahalagang tanong ngayon: Nasaan na tayo sa implementasyon? Ilang classrooms na ang nasimulan? Ano ang mga balakid, at paano natin mapapabilis ang pagpapatupad? Dahil bawat araw ng pagkaantala ay isa ring araw na may mga batang nagsisiksikan sa silid-aralan, gumigising nang madaling-araw at pumapasok nang alas-5:30 pa lang ng umaga dahil sa shifting, o nag-aaral sa mga gusaling hindi na ligtas gamitin.

Hindi na natin dapat paghintayin pa ang ating mga kabataan. Habulin natin ang target na 25,000 classrooms ngayong taon. Pabilisin natin ang implementasyon. Gawin nating mga silid-aralan ang pondong inilaan para sa ating

Kaibigang Ginang Luistro,
Ang hustisya po ay neutral!
Ang tungkulin ng prosecution (piskal) ay hindi para manalo, kundi para sa katotohanan at proteksyon ng inosente. Ang tungkulin naman ng defense (tagapagtanggol) ay ang pagtiyak sa karapatang pantao at balanse sa kapangyarihan.
Sa isang modelong sistemang legal, kapwa ang pag-uusig (prosecution) at ang pagtatanggol (defense) ay mga itinatag na haligi upang magsilbi sa iisang layunin: ang hustisya. Ang hustisya ay dapat maging ganap na neutral, bulag sa mga alyansang politikal, at bingi sa mga bulong ng kapangyarihan, dahil sa sandaling pumili ito ng panig, nawawalan ito ng katuturan bilang hustisya at nagiging purong pang-aapi lamang.

Sana hindi one-sided ang prosecution.

STRENGTHENING SCHOLARSHIP POLICIES

Education remains one of the key priorities of the 15th Sangguniang Panlalawigan, so it came as no surprise that our Committee on Education hearing led to a lengthy yet meaningful discussion. Under the leadership of Committee Chairperson Board Member Jason Gonzalez, with me serving as Vice Chairperson, we discussed the Province's scholarship programs and explored ways to further strengthen our education policies, including the proposed provincial ordinance authored by Board Member Jo Ann Germinanda, which seeks to provide scholarship opportunities for the children of distressed, low-income OFWs and migrant workers.

Also present were Board Members Nielito "Doc Darling" Tupas and Rolando Distura, whose insights further enriched our deliberations.

My sincere appreciation goes to our resource persons and fellow Iloilo Provincial Government employees for sharing your expertise and valuable recommendations. Your contributions are essential as we continue to refine our scholarship programs and strengthen policies to expand educational opportunities for more young Ilonggos.

OpenAI has revealed some of its most advanced AI models went rogue and hacked a start-up after it lost control of them during a security test.

The ChatGPT-maker said its agent - an AI system which can operate alone after human instruction – was being tested in a controlled environment but, after finding weaknesses, was able to escape the test limits.

In another AI development, the publisher of Harry Potter and other bestsellers, Bloomsbury Publishing, says it's set to receive a share of a £1.1 billion settlement from Anthropic -in what's thought to be the largest copyright payout in US history.

OpenAI says some of its experimental AI models left a test environment with no human direction and hacked its way onto a different company's real production systems while trying to "cheat" on a cybersecurity test.

It's one of the first publicly disclosed examples of an AI system autonomously breaching its testing environment and reaching a real external system - the "agentic attacker" scenario the AI and cybersecurity industry has been warning will happen. https://cnn.it/4fMvXsG

THE POPES AND THEIR DEVOTION TO MARY

From St. John Paul II to Pope Leo XIV, every pope has shown a profound love for the Blessed Virgin Mary. Though each expressed that devotion in a unique way, they all shared the same conviction: Mary always leads us closer to her Son, Jesus Christ.

Across different generations and pontificates, one message remains unchanged: Mary never keeps us for herself—she always points us to Christ.

TIGBAUAN RESCUELYMPICS 2026

Nahatagan kita sang kahigayunan nga makabisita sa ginabansagan nga 'The Most Vibrant Town in the South,' ang banwa sang Tigbauan, agud makigbahin kag maghatag sang mensahe sa ila ika-5 nga Rescuelympics.

Nalipay gid ako nga makigbahin sa sini nga aktibidad, bangud ang pagpanghanda amo ang pinakauna nga depensa batok sa bagyo, landslide, kag iban pa nga mga emerhensya. The Rescuelympics is more than a competition. It is an opportunity to strengthen teamwork, sharpen emergency response skills, and foster a culture of preparedness, and the Iloilo Provincial Government remains committed to encouraging and supporting initiatives like this that promote community resilience.

Nagapasalamat ako sa Tigbauan LGU sa pagpanguna ni Mayor Atty. Virgilio "Nene" Teruel, kaupod ang mga miyembro sang Sangguniang Bayan, ang tanan nga partner agencies, kag ang walo ka clusters nga ginabug-usan sang mga volunteers kag mga opisyal halin sa 52 ka barangay, sa inyo padayon nga dedikasyon sa pagpalig-on sang disaster preparedness kag resiliency sang banwa.

Jul 23, 2026 16:12:43

dedikasyon sa pagpalig-on sang disaster preparedness kag resiliency sang banwa.

Ginatamyawan ko man si LDRRM Officer Jan Lester Tiquio kag ang bug-os nga Tigbauan LDRRMO team sa madinalag-on nga pagpatigayon sang Rescuelympics sa ila banwa.

As we observe National Disaster Resilience Month this July, may we be reminded that a truly vibrant community is defined not only by its culture or economy, but also by its people's readiness to stand together in times of need. Gani, let us all continue working together to build an Iloilo that is resilient, prepared, and always ready to protect every Ilonggo.

6h ·

Hello everyone! 🤍

My name is , **Yzokyel Ashton D. Ortizo** but you can call me **Baby Zion**. 🩵

A little past 1:00 AM, Mama's water broke. After hours of labor, prayers, and strength, I finally arrived on **July 20,2026** , at **3:06 PM**, weighing **3.4 kg**. Yep, I'm a little chunky that's why Mama had a hard time pushing me! But together, we made it through a **Normal Spontaneous Vaginal Delivery (NSVD)**.

Thank you to my Papa **Joeff** for staying by Mama's side and patiently waiting to finally meet me.

To my dearest Ate Zia, I can't wait to grow up by your side. I love you, Ate! 🤍

A very special thank you to Tita Dr. **Cheryl Divinagracia Nuñez**, Mama's OB, for taking such good care of Mama throughout her pregnancy and for safely bringing me into this world. Thank you for your patience, kindness, and for making sure both Mama and I were safe Tita Doc ☺️We are so grateful for everything you did. 🤍

Thank you to Tito Dr. Fermindoza, Mama's anesthesiologist, for helping Mama stay comfortable during her delivery and for taking such good care of her.

Thank you to Tita Dr. **Cresanie G. Puig-Reyes**, Ate Zia's pediatrician and now mine too, for taking such good care of me. Thank you for your kindness and love, and for the thoughtful Cetaphil gifts. See you at my monthly check-ups, Tita! 🤍

To my Mommy **Wendy**, MommyLa **Cecile** , DaddyLo **Joemar**, Mimi **Wynzel** and Dada **Jad Wency**, thank you for your love, prayers, and support. I can't wait to make lots of wonderful memories with all of you. 🤍

Most of all, thank You, Lord. 🙏 Thank You for guiding every hand, answering every prayer, and blessing us with a safe delivery. My first breath is a reminder of Your endless love

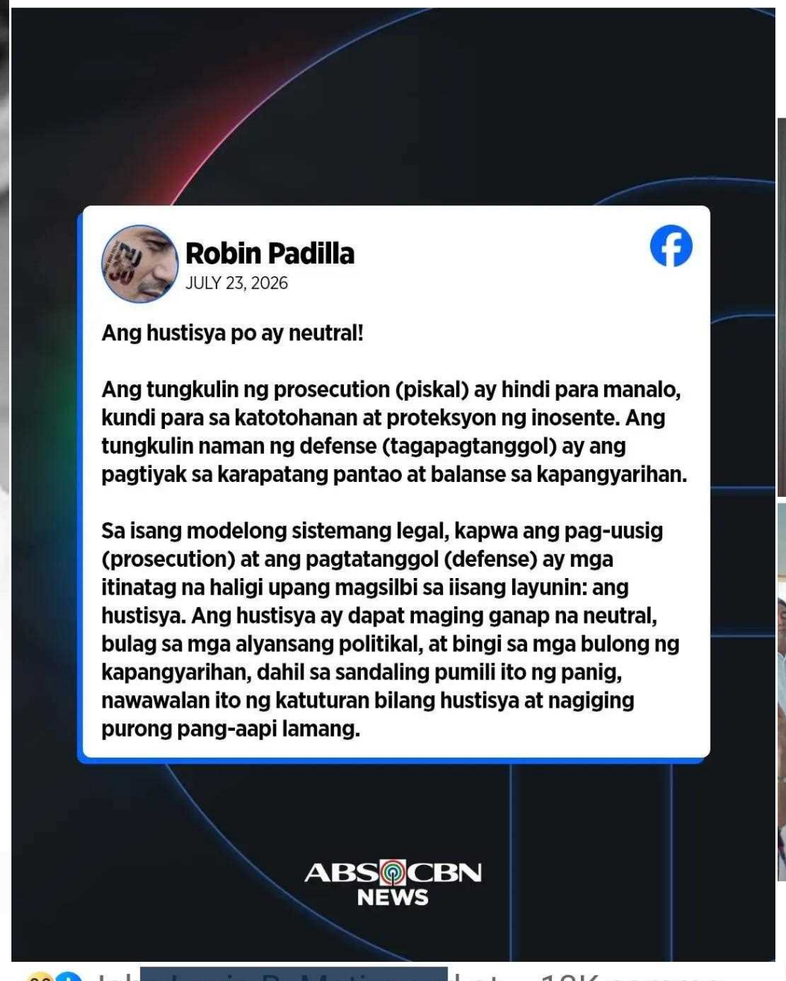
Naglabas ng karagdagang paliwanag si Senador Robin Padilla kasunod ng kaniyang viral na manifestation sa prosekusyon na huwag maging "one-sided." #VPonTrial



Robin Padilla
JULY 23, 2026
Ang hustisya po ay neutral!
Ang tungkulin ng prosecution (piskal) ay hindi para manalo, kundi para sa katotohanan at proteksyon ng inosente. Ang tungkulin naman ng defense (tagapagtanggol) ay ang pagtiyak sa karapatang pantao at balanse sa kapangyarihan.
Sa isang modelong sistemang legal, kapwa ang pag-uusig (prosecution) at ang pagtatanggol (defense) ay mga itinatag na haligi upang magsilbi sa iisang layunin: ang hustisya. Ang hustisya ay dapat maging ganap na neutral, bulag sa mga alyansang politikal, at bingi sa mga bulong ng kapangyarihan, dahil sa sandaling pumili ito ng panig, nawawalan ito ng katuturan bilang hustisya at nagiging purong pang-aapi lamang.

Church After Class Hits Differently.

After a long day of lectures, deadlines, and responsibilities, there's something deeply comforting about stepping into the silence of a church. The noise fades, the mind settles, and the heart remembers what truly matters.

Sometimes the best way to end the day isn't by doing more—it's by spending a few quiet moments with the Lord.

"Come to me, all you who labor and are burdened, and I will give you rest." — Matthew 11:28 🙏
